

Arjun Mehta

Bangalore, India | +91-9812345670 | arjun.mehta@email.com | GitHub: ArjunMehta | LinkedIn: arjun-mehta

EDUCATION

Bachelor of Technology — Computer Science (AI/ML)

VIT University, Vellore | 2021 - 2025 | CGPA: 9.1 / 10

- Class XII — CBSE | DPS RK Puram, Delhi | 2021 | 94.6%

SKILLS

Languages: Python, SQL, R, JavaScript

ML/AI: Machine Learning, Deep Learning, NLP, Computer Vision, TensorFlow, PyTorch, Scikit-learn

Data: Pandas, NumPy, Matplotlib, Data Science

Tools: Git, Docker, AWS, Linux, Jupyter Notebook, VS Code

Frameworks: FastAPI, Flask, React

PROJECTS

Sentiment Analysis API using Deep Learning

Python · PyTorch · FastAPI · Docker | Aug 2024 - Nov 2024

- Built a BERT-based sentiment classifier achieving 96.2% accuracy on IMDb dataset
- Deployed as a containerized REST API using FastAPI and Docker on AWS EC2
- Handled 500+ concurrent requests with response time under 120ms

Real-Time Object Detection System

Python · TensorFlow · Computer Vision | Mar 2024 - Jun 2024

- Implemented YOLOv8-based object detection pipeline achieving 89% mAP
- Optimized inference speed by 40% using TensorFlow model quantization

Stock Price Prediction using LSTM

Python · TensorFlow · Pandas · NumPy | Jan 2024 - Mar 2024

- Built LSTM model for stock price forecasting with RMSE of 2.3%
- Performed feature engineering on 5 years of historical market data

EXPERIENCE

ML Engineering Intern — DeepMind Analytics, Bangalore

May 2024 - July 2024 | 2 Months

- Developed NLP pipeline for automated document classification using Python and Scikit-learn
- Reduced model training time by 35% through distributed computing on AWS
- Collaborated with senior engineers on deploying ML models to production using Docker

CERTIFICATIONS

- Deep Learning Specialization — Andrew Ng / Coursera (2024)
- AWS Certified Machine Learning — Specialty (2024)
- TensorFlow Developer Certificate — Google (2023)

EXTRA-CURRICULAR

- Winner — Inter-College ML Hackathon, VIT (2024)
- Published research paper on CNN optimization — IEEE Conference (2024)
- Solved 300+ problems on LeetCode — Top 5% globally
